22. [] Called Bob Dockery, Acting Staff Director, Senate Foreign Relations Committee, regarding the Department of State's request to see the transcript of the AWACS briefing before the Committee on 22 July. I reminded Dockery that we had already obtained approval through Norvill Jones, Staff Director of the Committee, for showing the transcript to Ambassador Sullivan (Iran). He authorized us to show the transcript to State but requested that access to the transcript be tightly controlled in State and that we report back the names of those in State who read the transcript. I told him we would do that.

21. (Unclassified - THW) BRIEFING Mike Van Dusen, House International Relations Subcommittee on Europe and the Middle East staff, called to discuss details of the 8 September appearance of the Director before the Subcommittee to brief them on the Eastern Mediterranean area. He said the entire Committee would be invited and asked whether staff members, other than the Subcommittee staff, could be invited. I explained that some parts of the briefing requested could only be discussed at the compartmented level and, therefore, if handled with other staff members present, we would have to cut back on some of our presentation. He agreed that it would be better to keep the other staffers out. Therefore, it was agreed that the only staff members that would be present would be Jack Brady, Chief of Staff of the full Committee, George Berdes and Ivo Spalatin, of the full Committee staff, and Alison Brenner and himself, of the Subcommittee staff.

We then discussed the informal executive session scheduled for 20 September to which he thought additional staff members would want to be invited. I told him that was an easier situation since, if we eliminated discussion of Soviet hardware, we could run the briefing at the Top Secret level. He agreed to this point and said that David Barton, of the Subcommittee staff, would be getting to me shortly with an outline of topics to be discussed together with a list of staff members invited.

22. (Unclassified - THW) LIAISON Mark Gitenstein, Senate Select Committee on Intelligence staff, called to see if anything had been set up with [REDACTED] OGC, regarding his request to talk about classification of information. I told him that [REDACTED] had just returned from leave and that I had renewed the request and promised to get back to him shortly.

23. (Unclassified - THW) LIAISON Met with Bill Ashworth, Senate Foreign Relations Committee staff, [REDACTED] CSS, and [REDACTED] OSR, to go over the transcript of the Director's briefing of the Committee on the Threshold Test Band Treaty of 3 August. Ashworth wants the Committee to publish the transcript in report form and was interested in having it sanitized for that purpose. Ashworth seemed to be satisfied with the transcript as sanitized. [REDACTED] and I took Ashworth to lunch in the executive dining room.

13. [] BRIEFING David Barton, on the staff of the House International Relations Subcommittee on Europe and the Middle East, called to set a date for an informal briefing on the domestic situation in the USSR. This briefing would be as background for a series of public hearings the Subcommittee intends to hold beginning in late September. The subject matter would be the political, military and economic situation in the Soviet Union. We tentatively set 20 September at 2:00 p.m. as a time for the session. It will be an informal executive session with no transcript being taken. Barton will provide a rough estimate of the subjects that should be treated and the depth to which they will be covered.

14. [] CONSTITUENT David Shaw, Senate Select Committee on Intelligence staff, called with a problem with respect to a letter received by Senator Richard G. Lugar (R., Ind.) from a constituent alleging that he had been the object of technical surveillance. The constituent also claimed that his watch had been "bugged" and forwarded his watch to the Senator. I suggested that Shaw forward a copy of the letter to us for review. I also suggested that Shaw not forward the watch.
